HAWTHORNE HIGH STUDENTS COMPLETE FIVE WEEK SBWIB AERO-FLEX PRE-APPRENTICESHIP PROGRAM

HAWTHORNE – Eighteen Hawthorne High School students were honored August 22nd for completing the South Bay Workforce Investment Board (SBWIB) Aero-Flex Pre-Apprenticeship Program (AFPA) through the on-campus School of Manufacturing & Engineering under the direction of instructor Luis Pacheco.

The graduates, who ranged from seniors to sophomores, completed the five-week AFPA training and curriculum and are now included within the almost 400 successful high school and college students who have earned industry-recognized stackable credentials since the program's inception in 2017.

SBWIB Executive Director Jan Vogel noted, "We are extremely proud and appreciative of the support and partnership we have received from the Centinela Valley Union High School District over the years in allowing us to bring our apprenticeship opportunities and other programs to their campuses".

The SBWIB developed the Aero-Flex Pre-Apprenticeship and Apprenticeship programs as an employer-centric earn and learn model in partnership with local aerospace manufacturing companies. It was designed from conception to validation by industry partners and employers who appreciate non-traditional earn and learn engineering apprenticeship training.

The AFPA participants completed soft skills training, Tooling U-SME courses, and a hands-on work experience with Mr. Pacheco. They received certificates of completion and a \$300 stipend for completing the Aero-Flex Pre-Apprenticeship. This program was made possible through support from the Howmet Aerospace Foundation, Centinela Valley Union High School District and the SBWIB.

Currently more than 20 South Bay/LA area companies and community partners in education have participated in the Aero-Flex program, which is open to high school and postsecondary students, adults, incumbent workers as well as veterans and other under-served or under-employed populations.

SUBJECT: **Update of Lawndale Municipal Code Title 12, Chapter 12.64 regarding E-bikes usage and restrictions.**

SUMMARY

At a previous City Council meeting, a City Councilmember requested an update on E-bikes usage within the City of Lawndale, specifically regarding the legality of E-bikes, and the enforcement for their use within the City of Lawndale.

This report is an overview of the regulations associated with E-bikes, both at the City and State level, and an update on enforcement within the City of Lawndale. Lawndale's enforcement activities generally regulate the use of E-bikes as shared mobility devices and do not cover regulation of individually-owned E-bikes.

BACKGROUND

Several years ago, City staff completed extensive research into the recent growth of shared mobility devices, specifically with the onslaught of companies using public streets and right of ways for the storage of their E-bike inventory. On January 7th, 2019, the Lawndale City Council adopted Urgency Ordinance No. 1155-19, which allowed for a 45-day moratorium prohibiting the operation of motorized scooter programs within the City limits, to allow staff to analyze the City's options to regulate shared mobility devices.

At the conclusion of this study the City Council voted to adopt Ordinance No. 1157-19 amending Lawndale Municipal Code Title 12, and added a new Chapter 12.64, to regulate the use of shared mobility devices from being placed on public right-of-way or on public property which could create a dangerous condition or prevent access for pedestrians and bicyclists.

Current City of Lawndale Zoning Code

Ordinance No. 1157-19 prohibited shared mobility devices from being stored or placed in the public right-of-way or on public property. The Ordinance also established under section **12.64.020 Definitions** that a "Motorized Scooter" shall have the same definition as that provided by California Vehicle Code Section 407.5. This section of the California Vehicle Code has in the past classified E-bikes as being the same as "Motorized Scooters".

While Ordinance No. 1157-19 does prohibit the storage and placement of shared mobility devices on public property, it does not prohibit their use on public or private property. For this reason, the City currently does not regulate E-bikes within the jurisdictional boundaries.

In addition, California Vehicle Code section 312.5 now has a separate definition of “electric bicycles”, separating the general category into three classes: Class 1 requires the user to pedal and stops providing motor assistance once the E-bike reaches 20 mph; Class 2 is exclusively run by the motor (no pedaling) but also stops providing motor assistance at 20 mph; Class 3 requires pedaling but can go up to 28 mph and has a speedometer. Users of E-bikes are subject to California Vehicle Code sections 21200 *et seq.* dealing with the operation of bicycles generally upon roadways. Section 21213 has specific regulations related to operation of Class 3 E-bikes.

E-bikes, per California State Law, are permissible and allowed so long as safety regulations and usage guidelines are met. For Class 3 E-bikes, riders must wear a helmet and all other applicable safety gear and be at least 16 years old. This class of E-bikes must also meet California safety standards for usage including being outfitted with reflectors and lights and be registered.

There are not similar requirements for Class 1 or Class 2 E-bikes, but the City in its discretion could apply the same or similar requirements as those applied to Class 3 by the California Vehicle Code.

CONCLUSION

The Municipal Code acknowledges that E-bikes and other shared mobility vehicles are prohibited from being stored on public rights-of-way, and from businesses using public property to store their inventories. However, City staff also recognizes that individually owned E-bikes are legal and permissible under existing California Law, and to date enforcement has been limited to violations based on safety and age restrictions. Should the City Council wish to increase enforcement, imposing requirements on Class 1 and Class 2 E-bikes is one option. Making E-bike enforcement in general a priority is another option, however all violations outlined in the California Vehicle Code are only enforceable by LASD personnel, not City Staff.

There is no fiscal impact as a result of this staff report.

RECOMMENDATION

Staff recommends that the City Council choose one of the following options for directing staff.

Option 2: City Council will direct staff to leave Lawndale Municipal Code as it currently stands regarding existing restrictions and safety measures for E-bike usage.

Option 3: City Council will give staff directives on changes they wish to implement on E-bike usage.

SUBJECT: **Award of Construction Contract to J&E Asphalt Maintenance for the FY 2023/24 Citywide Sign Replacement Project**

BACKGROUND

In July 2020, the City entered into an agreement with the California Department of Transportation (Caltrans) for the development of a Local Roadway Safety Plan (LRSP).

The LRSP focused on evaluating the safety of the City's entire roadway system to provide a comprehensive framework for reducing fatalities and severe injuries on all public roads. Its mission is to ensure a safer transportation system for all users on public roads. In the course of the analysis, the LRSP measured the retro-reflectivity of existing traffic signs, to determine if the conditions are in compliance with the California Manual on Uniform Traffic Control Devices (CAMUTCD).

In April 2022, the City completed a Citywide Sign Replacement project that replaced approximately 1,000 damaged or outdated signs and 500 old signposts that had reached their useful lives based on the LRSP. See attached Exhibit A for a list of approximate locations. These signs were located in various areas in the City.

The City has now prepared technical specifications to replace an additional 3,759 damaged signs and 2,000 old signposts identified in the LRSP. Location Map is attached as Exhibit B. All locations are shown in the tables within the project specifications.

These technical specifications were advertised for construction and bids received.

STAFF REVIEW

The Notice Inviting Bids was advertised on the City website and Bids were received and opened on Monday, November 13, 2023 by the City Clerk's office staff in accordance with City bidding procedures. Three bids were received with bid bonds, evidence of contract licensing, insurance coverage, and project references for contracts of similar size and scope. Bids received are listed in the table below:

City Council Meeting – November 20, 2023

Award of Construction Contract to J&E Asphalt Maintenance for the FY 2023/24 Citywide Sign Replacement Project

Square Signs LLC	\$ 1,825,427.22
Superior Pavement Markings, Inc.	\$ 2,172,552.00

Staff reviewed the bid from J&E Asphalt Maintenance from Buena Park, California, evaluating accuracy, cost, experience, and references. As a result of the bid analysis, staff finds that J&E Asphalt Maintenance has submitted the lowest responsible and responsive bid for the project in the amount of \$1,294,210.00.

LEGAL REVIEW

CITY OF LAWNDALE
CONTRACT SERVICES AGREEMENT FOR
FY 2023/24 CITYWIDE SIGN REPLACEMENT PROJECT

This Contract Services Agreement ("Agreement") is made and entered into this 13th day of November, 2023, by and between the City of Lawndale, a municipal corporation ("City"), and J&E Asphalt Maintenance ("Contractor"). The term Contractor includes professionals performing in a consulting capacity or contractors performing contract services. The parties hereto agree as follows:

1.0 SERVICES OF CONTRACTOR

1.1 Scope of Services. In compliance with all terms and conditions of this Agreement, Contractor shall provide the work and services specified in the "Scope of Services" attached hereto as *Exhibit "A"* and incorporated herein by this reference. Contractor warrants that all work or services set forth in the Scope of Services will be performed in a competent, professional and satisfactory manner.

1.2 Contractor's Proposal. The Scope of Services shall include the Contractor's proposal or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law. All work and services rendered hereunder shall be provided in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental agency having jurisdiction.

1.4 Licenses, Permits, Fees and Assessments. Contractor shall obtain at its sole cost and expense, such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments, taxes, including applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement; and shall indemnify, defend and hold harmless City against any claim for such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work. By executing this Agreement, Contractor warrants that Contractor (a) has thoroughly investigated and considered the scope of services to be performed, (b) has carefully considered how the work and services should be performed, and (c) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement.

1.6 Additional Services. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such

extra work may be undertaken unless a written order is first given by the Contract Officer to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor. Any increase in compensation of up to five percent (5%) of the Contract Sum or \$25,000, whichever is less, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services or reasonably contemplated therein. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation, therefore.

1.7 Special Requirements. Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as *Exhibit "B"* and incorporated herein by this reference. In the event of a conflict between the provisions of *Exhibit "B"* and any other provisions of this Agreement, the provisions of *Exhibit "B"* shall govern.

1.8 Environmental Laws. Contractor shall comply with all applicable environmental laws, ordinances, codes and regulations of Federal, State, and local governments. Contractor shall also comply with all applicable mandatory standards and policies relating to energy efficiency.

2.0 COMPENSATION

2.1 Contract Sum. For the services rendered pursuant to this Agreement, Contractor shall be compensated in accordance with the "Schedule of Compensation" attached hereto as *Exhibit "C"* and incorporated herein by this reference, but not exceeding the maximum contract amount of **One Million Eight Hundred Eleven Thousand and Eight Hundred Ninety-Four dollars (\$1,811,894)** ("Contract Sum"), except as provided in Section 1.6. The method of compensation may include: (i) a lump sum payment upon completion, (ii) payment in accordance with the percentage of completion of the services, (iii) payment for time and materials based upon the Contractor's rates as specified in the Schedule of Compensation, but not exceeding the Contract Sum or (iv) such other methods as may be specified in the Schedule of Compensation. Compensation may include reimbursement for actual and necessary expenditures approved by the Contract Officer in advance if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Contractor at all project meetings reasonably deemed necessary by the City.

Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services or, if Contractor is providing design services, the cost of the project being designed, Contractor shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Contractor is providing design services, the estimated increased or decreased cost estimate for the project being designed.

2.2 Method of Payment. Unless some other method of payment is specified in the Schedule of Compensation, in any month in which Contractor wishes to receive payment, no later than the first (1st) working day of such month, Contractor shall submit to the City, in a form approved by the City's Director of Finance, an invoice for services rendered prior to the date of the invoice. Except as provided in Section 7.2, City shall pay Contractor for all expenses stated thereon which are approved by City pursuant to this Agreement generally within thirty (30) days, and no later than forty-five (45) days, from the submission of an invoice in an approved form.

2.3 Availability of Funds. It is mutually understood between the parties that this Agreement is valid and enforceable only if sufficient funds are made available by the City Council of the City for the purposes of this Agreement. The availability of funding is affected by matters outside the City's control, including other governmental entities. Accordingly, the City has the option to void the whole Agreement or to amend the Agreement to reflect unanticipated reduction in funding for any reason.

3.0 PERFORMANCE SCHEDULE

3.1 Time of Essence. Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance. Contractor shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as *Exhibit "D"*, if any, and incorporated herein by this reference. When requested by the Contractor, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall, within ten (10) days of the commencement of such delay, notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay and extend the time for performing the services for the period of the enforced delay when and if, in the judgment of the Contract Officer, such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused; Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term. Unless earlier terminated in accordance with Section 7.4 below, this Agreement shall continue in full force and effect until completion of the services no later than December 31, 2024.

4.0 COORDINATION OF WORK

4.1 Representative of Contractor. Jesse Frausto is hereby designated as being the representative of Contractor authorized to act on its behalf with respect to the work or services specified herein and to make all decisions in connection therewith.

It is expressly understood that the experience, knowledge, capability and reputation of the representative was a substantial inducement for City to enter into this Agreement. Therefore, the representative shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. For purposes of this Agreement, the representative may not be replaced, nor may his responsibilities be substantially reduced by Contractor without the express written approval of City.

4.2 Contract Officer. The City's City Manager is hereby designated as the representative of the City authorized to act in its behalf with respect to the work and services and to make all decisions in connection therewith ("Contract Officer"). It shall be the Contractor's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Contract Officer. The City may designate another Contract Officer by providing written notice to Contractor.

4.3 Prohibition Against Subcontracting or Assignment. The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred or assigned without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor taking all transfers into account on a cumulative basis. A prohibited transfer or assignment shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

4.4 Independent Contractor. Neither the City nor any of its employees shall have any control over the manner or means by which Contractor, its agents or employees, perform the services required herein, except as otherwise set forth herein. Contractor shall perform all services required herein as an independent contractor of City and shall remain under only such obligations as are consistent with that role. Contractor shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor.

5.0 INSURANCE AND INDEMNIFICATION

5.1 Insurance. Contractor shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance:

(a) Commercial General Liability Insurance. A policy of commercial general liability insurance using Insurance Services Office "Commercial General Liability" policy form CG 00 01, with an edition date prior to 2004, or the exact equivalent. Coverage for an additional insured shall not be limited to its vicarious liability. Defense costs must be paid in addition to limits. Limits shall be no less than \$2,000,000 per occurrence for all covered losses and no less than \$3,000,000 general aggregate.

(b) Workers' Compensation Insurance. A policy of workers' compensation insurance on a state-approved policy form providing statutory benefits as required by law with employer's liability limits no less than \$1,000,000 per accident for all covered losses.

(c) Automotive Insurance. A policy of comprehensive automobile liability insurance written on a per occurrence basis in an amount not less than \$3,000,000.00 per accident, combined single limit. Said policy shall include coverage for owned, non owned, leased and hired cars.

(d) Professional Liability or Error and Omissions Insurance. A policy of _____ insurance in an amount not less than \$1,000,000.00 per claim with respect to loss arising from the actions of Contractor performing professional services hereunder on behalf of the City.

All of the above policies of insurance shall be primary insurance. The general liability policy shall name the City, its officers, employees and agents ("City Parties") as additional insureds and shall waive all rights of subrogation and contribution it may have against the City and the City's Parties and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention. All of said policies of insurance shall also provide that said insurance may not be cancelled without providing ten (10) days prior written notice by registered mail to the City. In the event any of said policies of insurance are cancelled or amended, Contractor shall, prior to the cancellation or amendment date, submit new evidence of insurance in conformance with this Section 5.1 to the Contract Officer. No work or services under this Agreement shall commence until Contractor has provided City with Certificates of Insurance or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by City.

Contractor agrees that the provisions of this Section 5.1 shall not be construed as limiting in any way the extent to which Contractor may be held responsible for the payment of damages to any persons or property resulting from Contractor's activities or the activities of any person or persons for which Contractor is otherwise responsible.

The insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide or The Key Rating Guide, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City due to unique circumstances.

In the event that the Contractor is authorized to subcontract any portion of the work or services provided pursuant to this Agreement, the contract between the Contractor and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Contractor is required to maintain pursuant to this Section 5.1.

5.2 Indemnification.

(a) Indemnity for Professional Liability. When the law establishes a professional standard of care for Contractor's services, to the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless City and the City's Parties from and against any and all losses, liabilities, damages, costs and expenses, including attorneys' fees and costs to the extent same are caused in whole or in part by any negligent or wrongful act, error or omission of Contractor, its officers, agents, employees of subcontractors (or any entity or individual for which Contractor shall bear legal liability) in the performance of professional services under this Agreement.

(b) Indemnity for Other Than Professional Liability. Other than in the performance of professional services and to the full extent permitted by law, Contractor shall indemnify, defend and hold harmless City and City's Parties from and against any liability (including liability for claims, suits, actions, losses, expenses or costs of any kind, whether actual, alleged or threatened, including attorneys' fees and costs, court costs, defense costs and expert witness fees), where the same arise out of, are a consequence of, or are in any way attributable to, in whole or in part, the performance of this Agreement by Contractor or by any individual or entity for which Contractor is legally liable, including but not limited to officers, agents, employees or subcontractors of Contractor.

6.0 RECORDS AND REPORTS

6.1 Reports. Contractor shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require.

6.2 Records. Contractor shall keep, and require subcontractors to keep, such books and records as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required.

6.3 Ownership of Documents. All drawings, specifications, reports, records, documents and other materials prepared by Contractor, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership of such documents and materials. Contractor may retain copies of such documents for its own use and Contractor shall have an unrestricted right to use the concepts embodied therein. Any use of such completed documents by City for other projects and/or use of uncompleted documents without specific written authorization by the Contractor will be at the City's sole risk and without liability to Contractor and the City shall indemnify the Contractor for all damages resulting therefrom. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom.

7.0 ENFORCEMENT OF AGREEMENT

7.1 California Law. This Agreement shall be construed and interpreted both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor agrees to submit to the personal jurisdiction of such court in the event of such action.

7.2 Retention of Funds. Contractor hereby authorizes City to deduct from any amount payable to Contractor (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Contractor's acts or omissions in performing or failing to perform Contractor's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Contractor, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Contractor to insure, indemnify, and protect City as elsewhere provided herein.

7.3 Waiver. No delay or omission in the exercise of any right or remedy by a nondefaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.4 Termination Prior to Expiration of Term. Either party may terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to the other party. Upon receipt of any notice of termination, Contractor shall immediately cease all work or services

hereunder except such as may be specifically approved by the Contract Officer. Contractor shall be entitled to compensation for the reasonable value of the work product actually produced prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation and City shall be entitled to reimbursement for any compensation paid in excess of the services rendered.

7.5 Completion of Work After Termination for Default of Contractor. If termination is due to the failure of the Contractor to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Contractor shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.6 Attorneys' Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, shall be entitled to reasonable attorneys' fees, whether or not the matter proceeds to judgment, and to all other reasonable costs for investigating such action, taking depositions and discovery, including all other necessary costs the court allows which are incurred in such litigation.

8.0 CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees. No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest; City. No officer or employee of the City shall have any financial interest in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is interested, in violation of any State statute or regulation.

8.3 Conflict of Interest; Contractor. Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement. Contractor shall comply with all conflict of interest laws and regulations including, without limitation, City's Conflict of Interest Code which is on file in the City Clerk's office. Accordingly, should the City Manager determine that Contractor will be performing a specialized or general service for the City and there is substantial likelihood that the Contractor's work product will be presented, either written or orally, for the purpose of influencing a governmental decision, the Contractor and its officers, agents or employees, as applicable, shall be subject to the City's Conflict of Interest Code.

8.4 Covenant Against Discrimination. Contractor covenants that, by and for itself, its executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin or ancestry.

9.0 MISCELLANEOUS PROVISIONS

9.1 Notice. Any notice or other communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer, City of Lawndale, 14717 Burin Avenue, Lawndale, California 90260, and in the case of the Contractor, to the person at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Integration; Amendment. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by an instrument in writing signed by both parties.

9.4 Severability. Should a portion of this Agreement be declared invalid or unenforceable by a judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

DRAFT

November 20, 2023

Metro Board
Los Angeles Metropolitan Transportation Authority
1 Gateway Plaza
Los Angeles, CA 90012

RE: INTERACTIONS WITH LAWNSDALE RESIDENT MR. JAY GOULD

Dear Board Members:

The Lawndale City Council is writing to you to express our concerns regarding the alleged harassment and malevolent treatment of longtime resident Mr. Jay Gould over the past few months. It has been alleged that Los Angeles County Metropolitan Transportation Authority (Metro) staff has engaged in intimidating conduct toward Mr. Gould in order to gain access to his real property.

Specifically, Mr. Gould alleges that Metro staff has threatened legal action against him for denying Metro staff access to his property to determine the validity of potential gravesites located on the site. The City Council finds these allegations very concerning.

The Lawndale City Council respectfully requests that Metro and its staff conduct itself in a professional manner toward Mr. Gould and all residents of the City of Lawndale. Please be advised that to the extent these allegations are true, the Lawndale City Council will weigh its options, including seeking legal recourse, to mitigate and cure the inappropriate actions of Metro staff towards the residents of the City of Lawndale.

Sincerely,

Robert Pullen-Miles
Mayor
